

Legislative Affairs Alert, Your Healthcare is in Jeopardy

The prospect of our losing healthcare providers of our choice is very real. Beginning January 1, 2012 Medicare payments to doctors will be reduced by 27%. Already some doctors, clinics, and hospitals are protecting themselves financially by not taking any new Medicare patients.

DALRC and your fellow retirees need your help. Please join in with thousands of other retirees in protesting these cuts. Please go now to the DALRC website to send a CAPWIZ message to your elected representatives and others in Washington to protest the cut in payments. We need you.

You don't have to be a DALRC member or even be a Delta retiree. Ask all retirees you know to join with us. This will be our last chance to address our elected officials before the holiday recess, after which remedies will be much more difficult. They are looking forward to a vacation. Retirees are looking forward to a nightmare.

HERE'S HOW YOU SEND A MESSAGE. It might seem complicated but it really isn't:

*On the internet, go to the DALRC website: www.dalrc.org
Click on "CAPWIZ" on top menu bar*

*This brings you to "Legislative Action Center"
Below "Voice Your Opinion"
Click on "Your Health Care is in jeopardy"*

This Brings you to the Action Alert where you will see the following message:

Your Healthcare is in Jeopardy

Further down you will see

TAKE ACTION

1. Compose message

We have filled in the addressees and a message.

Below the box for "Editable Text" there is a Name Box, for your name.

Below that you come to
